

Initial Application Form for Research Project

PROJECT INFORMATION

Title of Study:

Principal Investigator(s):

Contact Information: (Include email and phone number)

Affiliation(s):

RESEARCH DETAILS

Purpose of the Study: (Describe the main objectives and the rationale behind the study and use additional sheet if needed)

Methodology: (Detail the study design, including data collection methods, instruments, and procedures)

Risks to Participants: (Identify any potential risks or discomforts to participants)

Measures to Protect Participant Confidentiality: (Explain how participant information will be kept confidential and secure)

TORAH-BASED HALAKHIC CONSIDERATIONS

Ethical Considerations: (Discuss how the study aligns with Torah principles, such as preserving life, promoting health, and preventing harm. Include references to relevant Halakhic texts or authorities if applicable.)

Participant Welfare: (Detail measures taken to ensure the study abides by Halakhic laws regarding the treatment of individuals, including respect, dignity, and the protection of vulnerable populations.)

RECRUITMENT AND PARTICIPATION

Recruitment Methods: (Describe how participants will be recruited, ensuring methods are ethically sound and Halakhically acceptable)

Inclusion/Exclusion Criteria: (Specify criteria, considering both scientific requirements and Halakhic considerations, such as Sabbath observance or dietary laws if relevant)

Consent Process: (Outline the informed consent process, ensuring it includes Halakhic considerations where necessary, e.g., full disclosure in accordance with the principles of honesty and integrity)

DATA ANALYSIS

Data Analysis Plans: (Describe how the data will be analyzed, including statistical methods or other analysis techniques)

Halakhic Considerations in Data Handling: (If applicable, discuss how data handling and reporting will respect Halakhic principles, such as privacy and truthfulness)

ADDITIONAL INFORMATION

Funding Sources: (If applicable, list any funding sources for the study)

References: (Include any references to scientific literature, as well as Halakhic texts or rulings relevant to your study)

Appendix: (Attach any additional documents, such as the informed consent form, recruitment materials, and detailed methodology)

DECLARATION

Investigator Declaration: (A statement by the investigators declaring the accuracy of the information provided and their commitment to conduct the study according to ethical guidelines, scientific standards, and Halakhic principles)

Signature of Principal Investigator(s): _____

Date: _____
